A STRANGE AFFLICTION.

The Mysterious Case of Anna May Barnes of Surrey County, Va.

Miss Anna May Barnes of Claremont, Surrey county, this state, has been in a most remarkable state of mind for the past month, and none has been able to diagnose her disease. She was first taken down with a nervous prostration, caused, it was thought, by becoming excited at a religious meeting. She was seized with violent convulsions and many times was brought to bed by the force of her own cough and would speak fearfully to be taken away from the cause of her horror and fright.

During the last of her illness she was constantly delirious, and her actions were those of a person with delirium tremens. She would imagine she saw her own coffin and would speak fearfully to be taken away from the cause of her horror and fright.

THURSDAY, OCTOBER 4, 1894.

PLAIN AND TO THE POINT.

The *Silver State* is one of the most devoted advocates of the People's cause in the United States. It has stood firmly for free coinage, monetary reform and, in the last campaign, ably and consistently supported General Weaver for President of the United States. Its editor, as one of the representatives of the Silver party, attended the Omaha Convention and through its instrumentality the people of Humboldt county contributed liberally to the People's party campaign fund in Virginia, Oregon and Alabama. To question its loyalty to the reform movement is to doubt the integrity of every person connected with the movement. Such being the facts the attention of everybody in the State of Nevada, who has left the old parties because of the Wall Street domination and the belief that the best interests of the State and nation will be promoted by the defeat of those parties is respectfully directed to the following from its columns:

"The election of Hon. Francis G. Newlands two years ago was the right thing at the right time, and the independent stand Nevada took at that time has done more to advance the cause of silver than has been done by any other State. We are assured of this by Mr. Newlands, Senator Stewart, Senator Jones and by the National Committee of the People's party. The leading silvermen of our country admit that the stand Nevada took and its maintaining, in ignoring the old parties and making the free coinage of silver at the ratio of 16 to 1 the paramount issue, and its determination to throw off the old party yoke and leave all other national questions in abeyance for the time, is the only hope of success for the silver cause, and they are falling in line with Nevada's course. When Senator Jones witnessed the coalition of the Republican and Democratic parties in repealing the Sherman law, he declared that the cause was irretrievably lost unless the friends of silver united against the two old parties. Senator Stewart and Congressman Newlands took this position two years ago. Senator Don Cameron of Pennsylvania, Mr. Bryan of Nebraska, Mr. Bland of Missouri, Jas. B. Weaver, the national Populist committee, General Warner of Ohio, the President of the Bimetallist league, the entire executive committee of this league, and indeed nearly all the leaders in the silver cause are united on the Nevada policy. Nevada, instead of being spoken of as the 'rotten borough,' has gained a national reputation as being the Moses to lead the people through the wilderness of bankruptcy and disaster. The friends of silver in the East in discussing the future course to be adopted recommend the 'Nevada policy.' Its independent position gave our Senators and Representatives immense influence in uniting the silver sentiment of the country on the political line of monetary reform. No man, in or out of Congress, has done more for this cause than Mr. Newlands in the last two years. Luckily for the cause he is in position to give material aid, as well as to contribute unanswerable arguments by speech and pen, against the goldbug conspirators. To aid in distributing free coinage speeches delivered at the extra session in both houses, and in printing and distributing other silver literature in the South, North and Eastern states among the people. His check book has been at the service of those in charge of this work, and he has donated thousands of dollars for these purposes. Nevada should take an advanced step and simply enow under Messrs. Bartine, Doughty and Riley by such an avalanche of free man votes as to convince the hirelings of Wall street that the attempt to divide the votes of the silver men in this State is utterly useless. The tactics of the money power have always been and now are to divide the people on minor issues. The hope of the National Republican committee is to elect Bartine and the Republican ticket through the People's party. Money has been contributed and sent to this State for the Republican party and especially to defeat Mr. Newlands. Then it will be proclaimed to the world that Nevada, the silver champion, has seen the error of its way and repudiated silver."

WHAT'S UP NOW?

An act relating to elections, approved March 6, 1893, provides, among other things, that "not less than thirty-five days before an election to fill any public office, the Secretary of State shall certify to the County Clerk of each county within this State the name of each person and the name of the office for which he is nominated, as specified in the certificate of nomination filed with him."

The election takes place on Tuesday, November 6th, and it is now October 4th—thirty-two days before the election. Last evening the Secretary of State had not certified to the County Clerk of Washoe county the name of any person or the office for which he was nominated, as specified in certificates of nominations filed with him.

What does this mean, and what effect will it have on the election?

The Republican wing of the Wall Street combination is very much interested in Mr. Doughty, as his candidacy is expected to help Mr. Bartine, the Republican nominee for Congress.

The *Silver State* says money has been contributed and sent to Nevada for the Republican party.

A Gang of Outlaws Being Trailed in Arizona.

A Gang of Outlaws Being Trailed

TUCSON, October 3.—As far as could be learned at a late hour this evening all of the gang that held up the east-bound overland near Maricopa station Monday morning, excepting Frank Armour, who was shot on the day of the robbery near Phoenix, are yet at large. It is now definitely settled there were five robbers. Three of them went in the direction of Phoenix, while two rode south toward Sonora. It is believed they will overtake the robbers before they reach the Mexican line. A reward of \$1,000 for the arrest and conviction of the bandits now at large is offered. One of the robbers, John Donovan, aged 24, was raised at Bakersfield, Cal. The officers believe it was this gang that held up the Prescott and Phoenix stage coach several weeks ago.

Thurman's Daughter to Marry a Baseball Player

SAN DIEGO, October 3.—E. L. Holliday, ex-baseball player of Los Angeles, gives notice of his intended marriage with Mary P. Thurman, the only daughter of ex-Senator Allen G. Thurman of Ohio. Miss Thurman has been twice married and divorced, her last husband being J. Thomas Scott Gifford, with whom she lived in Lower California until their separation in January last, when she secured a decree on the ground of cruelty. Gifford had taken up his abode there to avoid prosecution for bigamy being married to another woman in this country. Miss Thurman and Holliday left this city in company and it was understood by mutual friends in this city that they were to be married.

After the Cyclone.

LITTLE ROCK, October 3.—The losses by last night's storm aggregate nearly a million dollars. The damage to the State Insane asylum is \$200,000. Dr. Ingate, the Assistant Superintendent, was killed between falling walls. Two attendants and two patients are also missing. It is said they were buried under the walls. The State penitentiary sustained a loss of \$10,000. A convict named James was killed and several others injured. Jackson Boyd and his three-year-old child were crushed to death in their home by falling walls. When taken from the ruins the child was clasped in its father's arms.

A Prominent Chicagoan Dies.

CHICAGO, October 3.—Professor David Swing died to-night of acute blood poisoning brought on by an attack of jaundice. He was sixty-four years old. In the sixties he was pastor of a wealthy Presbyterian Church in Chicago. He was tried for heresy in 1871 on the complaint of Rev. F. L. Patton, now president of Princeton College. He was acquitted, but such bitterness was developed that Swing retired from the pastorate.

A Change of Firm.

CARSON, Nev., October 3.—W. B. Tobey of the Carson, Tahoe Lumber and Plume Co., is authority for the statement that his company has bought the Sierra Lumber Company's business from Hobart and Mariett, but says that the statement that the deal involves a million dollars is untrue. The consideration is less than half that amount. The Sierra company's flume at Lakeview will be dismantled after next spring.

McKinley in Kansas.

HUTCHINSON, Kan., October 3.—Governor McKinley of Ohio spoke here today and received the greatest popular ovation he has yet experienced. Thirty thousand people, among whom were citizens from Nebraska, Texas and Oklahoma, listened to his speech and tried to shake hands with him. McKinley said, "what we want here is a little more patriotism and a little less anarchy, and protection is part of patriotism, for protection stands for our country and our flag."

Budd's Kind Heartedness

VENTURA, Cal., October 3.—A. J. Harrington who lost his hand firing a salute of welcome to Budd and Phillips last night was visited at the hospital to-day by Mr. Budd who left a hundred dollar check for him. Mr. Budd instructed the superintendent of the hospital and A. R. post to take the best care of him and send the bill to him. Harrington formerly worked for Budd's father.

A Runaway Team Causes Death.

PORT TOWNSEND, October 3.—Henry Webber, aged 71, the oldest pioneer in the northwest, and who took a prominent part in behalf of the United States in 1859 to prevent Great Britain from annexing the San Juan Archipelago, was accidentally killed this morning at Port Discovery by a runaway team.

Transacts Official Business.

SACRAMENTO, October 3.—To-day Governor Markham commuted the sentence of Alexander McKeena, sent to San Quentin from San Francisco for one year for embezzlement. This will let him out on the 6th instant.

The Governor made the following appointments: N. P. Chipman of Red Bluff, Trustee of the State Normal School, vice J. S. Cone, deceased; Douglas S. Cone, Director of Agricultural District No. 30, vice J. S. Cone, deceased. The Governor received and accepted the resignation of W. S. Wood, as Trustee for the Home for Feeble Minded Children.

To-day Governor Markham issued the proclamation for the forthcoming general election.

The Election in Connecticut.

NEW YORK, October 3.—Election returns have been received from 144 of the 164 towns that voted last Monday. The Republicans have carried 91 of these towns against 75 carried last year out of the same towns. The Democrats carried 27 this year against 44 a year ago, and 26 are divided against 25 a year ago.

Fitzsimmons Declared the Champion of the World.

NEW ORLEANS, October 3.—The Olympic Club has notified Corbett that owing to his refusal to meet Fitzsimmons it has declared the latter the champion heavy-weight pugilist of the world. Fitzsimmons has been notified that he will be expected to defend the title against all comers in February next.

A FRIEND

Speaks through the Boothbay (Me.) Register, of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach reeled all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are in need of a laxative to try Ayer's Pills. They will do good."

HUMBOLDT SOLID.

Newlands and Wren on the Situation.

The Birthplace of the Silver Party Gives a Rousing Welcome

It was in Humboldt county in the town of Winnemucca when two years ago the Silver party was crystallized into an organization. It was from here that the vigorous leadership sprung that carried the party to success. It was from this county that one of the largest Silver votes was given. Be it said to the credit of the sensible staying qualities of this people that no whimsical winds of distraction have been able to fan them into revolt, that none of the designing schemes set afloat to disrupt, divide and defeat the party have had the slightest effect upon the public sentiment. It is both gratifying and encouraging to see the harmony and determination among her people. Believing in the utility and wisdom of the party two years ago with its untired record, they to-day are satisfied with the results of two years record and will give the Silver party increased loyalty and almost unanimous support. The old parties have lost strength rather than gained. The whole ticket will be voted straight from top to bottom—from Congressman to Constable. They realize here fully the distinction without a difference between the Silver and Populist sentiment, which is unifying into one straight course for one main object—silver—with a strong faith in the wisdom and justice of the other great reforms to which the Silver party and Populists are pledged. Therefore a solid vote will be the result. The lesson of the east ought to be read in the western part of our State. A small coterie of politicians are grinding out rumors groundless and false to inflame the public mind and that party whose fight can only be won by such tactics must not have the courage of their convictions or principles.

Winnemucca had made ample preparations for a rousing reception and it was given with that heartiness that gave inspiration. Early in the evening the Winnemucca band discoursed many pleasant selections, and Armory Hall was soon filled to overflowing with a large, enthusiastic crowd, which had come from the valley adjoining and from her townfolks.

Chairman Nixon, the political Napoleon, whose untiring energy, unflagging zeal and splendid fighting qualities won the campaign of two years ago, called the meeting to order. He announced as Vice Presidents J. J. Hill, H. Busch, C. Chenoweth, M. S. Bonnell, F. M. Fellows, William Weighel and J. F. Abel. He then introduced Mr. Newlands, who was greeted with continued applause.

Mr. Newlands called attention to the importance of the paramount issue, silver; to the necessity of unity of action; disclosed the motives actuating the old parties; showed the hopelessness of awaiting action from them. He spoke for three-quarters of an hour and every few minutes he was interrupted with applause. The speech was to the point and effective and only tended to solidify sentiment here.

Hon. Thos. Wren made an unusually effective and humorous speech. He was inspired with vigor and fight. After he finished, the audience fairly yelled their approval.

Mr. Wren discussed the issues of the day and the positions of the parties. He referred to Senator Jones and the action of the rump-Republican party. He said Senator Jones is recognized as one of the ablest leaders in the world. He has enriched the literature on the question. For 20 years he has devoted time, money and ability to this question. This rump admitted it, but they now go back on it. They now have the ineffable cheek to ask him to resign.

Nominating another ticket by the so-called State mass convention was an effort to divide our forces. Its only effect would be to help the ticket. Yet a few gentlemen in Reno went on and aided a movement to befriend the gold trust. It can only tend to discourage the silver cause. Do nothing of the kind. Two years ago the Silver party won a most magnificent victory. Let us stand by the Silver ticket. Nothing has occurred to lessen our interest in it. (Loud applause.)

The meeting adjourned with three cheers and a tiger for the Silver party ticket.

The Public Schools.

Miss May Allen of the State Normal School is teaching the First Grade at the Riverside school during the sickness of the regular teacher, Miss Arda VanDuzer. Miss A. G. McCracken, a graduate of the California University, came up to Reno on a visit to old friends. She is teaching the junior department of the High School during the temporary absence of Miss L. O. Hall. Both Miss Allen and Miss McCracken have their classes well in hand and are doing good work.

Carnival and Masquerade Ball.

The Knights of Honor will give their annual masquerade ball on Thanksgiving night at the Pavilion. The committees are hard at work selecting elegant prizes, and the Order will make this the coming event, and surpass all previous efforts. Get ready for a grand time. oct3-4

THE PEOPLE'S TICKET.

County and Township Nominations—The Candidates and why They Should be Elected.

The People's party county convention, which was composed of 101 delegates selected by the people at a primary election, nominated the following ticket and pledged to support it at the polls. As a whole it will compare favorably with any ticket selected in Washoe county for years, and it deserves and should receive the support of every advocate of reform:

J. B. McCULLOUGH.

The candidate for State Senator is a prosperous business man of Reno. The very fact that he is responsible and successful ought of itself be almost a conclusive argument why he should be elected State Senator to represent Washoe county in the legislature. A man that is careful of his own business and can conduct it successfully can be trusted with public affairs, such a man is Mr. McCullough. He is identified with the town and county, his interests all being here. He is a man of strong impulses and has a mind of his own, and is fully able to judge of the needs of the people of the State, and will, if elected, govern himself accordingly and not a taxpayer will have cause to complain of his acts. He is a plain, practical business man, a veteran of the late war and a highly respected citizen.

FOR THE ASSEMBLY

We have Dr. H. H. Hogan, H. H. Beck, Jas. Laherty of Verdi and Uncle George Fraser of Wadsworth. To introduce the first two gentlemen to the people of Washoe county would be superfluous. Nearly every man, woman and child in the county is personally, if not intimately acquainted with both of them. Mr. Beck has lived in Nevada since before it was organized as a Territory and Dr. Hogan came here in Territorial days. Both took an active part in the formation of the State and county governments. They tried but could not live apart and both came to Reno, Mr. Beck bringing with him a comfortable little fortune. He went to work with a will to help the town, and has invested every dollar here and determined to make this the home of himself and family. Both gentlemen have had considerable legislative experience, and both take a great interest in public affairs, working earnestly for the public good. If these two gentlemen are chosen by the people of Washoe county they can be depended upon to look after their interests.

Edward Laherty is not so well known but he is a bright young man, ambitious and well informed. His employers and associates speak in the highest terms of him, and he deserves credit for he is diligently applying himself to study with the aim in view of making something of himself. He is discreet and conservative and will be very careful of the trust if favored with it. He will doubtless listen to the sage advice of his older colleagues, but will weigh it carefully and be governed by his own good judgment.

Uncle George Fraser, as he is familiarly called at his Wadsworth home, hardly needs any introduction to the people of Washoe county. He is engaged in the stock business, is a good careful business man and as a member of the legislature may be depended upon to vote right every time, on every proposition involving the interest of the State and county.

FOR SHERIFF.

George O. McNeese, the candidate for sheriff, is an old resident and a first-class citizen in every respect. He is a hard-working, honest, well-educated man and if elected will perform the duties of his office faithfully and efficiently.

FOR COUNTY CLERK.

Frank B. Porter is the nominee for county clerk. He is fully capable to perform the duties of the position to which he aspires. In consequence of an accident which befell him while at work on the railroad a few years ago he is incapacitated from performing many kinds of labor and is one of the men that Mr. Fillmore said must go east of the Missouri if he desired to work on the railroad.

FOR RECORDER.

Ben C. Shearer is the nominee for county recorder. He is eminently qualified to perform the duties of the office. He is a careful business man, having been connected for years with one of the most economical and exacting companies in the United States, and if elected will prove a worthy successor of the present incumbent.

FOR ASSESSOR.

W. H. Noyes, the nominee for County Assessor, is in the prime of life, active and intelligent. He came to Washoe county in 1885 and has resided here since. He is familiar with county affairs, has a clear idea of the value of property and if elected, as he ought to be, will perform the duties of his office without prejudice or partiality.

COUNTY TREASURER.

D. B. Boyd, the nominee for County Treasurer, has proved himself honest and efficient. He is familiar with every detail of the office, and his record as Treasurer for years is the highest commendation that can be given him.

FOR DISTRICT ATTORNEY.

T. V. Julien is the candidate for District Attorney. Like the County Treasurer, he is no novice. He has a record as a public officer which will bear the closest scrutiny. He is an experienced lawyer, a good citizen and eminently qualified to perform the duties of the office.

FOR SURVEYOR.

F. D. King, the nominee for County Surveyor, is a graduate of San Mateo

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

University. He is a native son, a practical surveyor and served six years under Professor Davidson of the United States Coast and Geodetic Survey.

FOR PUBLIC ADMINISTRATOR.

C. C. Coleman, the candidate for Public Administrator, is engaged in business in Reno. He is qualified in every respect to perform the duties of the office.

FOR COUNTY COMMISSIONER.

Joseph E. Jones, the nominee for long term Commissioner, is a first-class business man. He held office for four years in Washoe county some time ago and performed his duties fearlessly and impartially. He is thoroughly qualified for the office to which he aspires and will, if elected, perform its duties faithfully and efficiently.

Alexander Twaddle, candidate for short term Commissioner, is a resident of the southern part of the county, and a successful farmer. His parents came to Nevada when it was a wilderness and he was born and raised in the State. He is, in every particular, qualified for the position to which he aspires.

TOWNSHIP OFFICERS.

S. M. Jamison is the nominee for Justice of the Peace of Reno Township. He is an old and respected citizen, honest and conscientious in the discharge of every duty. For the office of School Trustee, which he now holds and fills with credit to himself, he received an almost unanimous vote.

For Constable, C. H. Peterson is the nominee. He is a man of considerable experience, having served as Constable and Deputy Sheriff, and has more than ordinary nerve and ability. He will make an ideal officer, as he knows his duty and will enforce the law.

CASEY'S REMAINS FOUND.

The Hyder Family Exonerated.

Some weeks ago a man named Casey left Battle Mountain for his home in Helena, Lander county. Not arriving at his destination search was instituted for him without avail. John Hyder and his wife were suspected of making away with Casey and were arrested. Last evening a dispatch was received from J. A. Blossom, informing relatives of Mr. and Mrs. Hyder that Casey's remains were found and that the Hyderys were exonerated.

Card From Judge Webster.

EDITOR JOURNAL.—The writer, with others, in good faith, formed a People's party for the State of Nevada and nominated a ticket that will be given a place on the State ballot.

The primary object of forming a State Populist party was to place the State in line with the National People's party for National purposes two years hence. It was not the intention of a large majority of those who signed the call for a State organization that it should be used in opposition to the Silver party. The intention and desire of these men was that the People's party should continue in harmony with the Silver party for all the purposes of a campaign. In a very short time after a State People's party ticket was placed before the people, the more radical reformers thought it were better that a positive campaign be made—which positive campaign by the State People's party from the beginning has been directed against its only ally—the Silver party. Pronounced Populists made no objection to the attack made on the Silver party, believing no material harm would come to reform or silver from the attack made, but when it became noticeable that the People's party was beset by goldbugs and would likely be devoured by these rapacious gentry, the only course open for our honest Populists was a counter attack by calling to their aid the Silver party. I make no objection to the review received by the goldbug organ on Virginia street; it is refreshing to receive its attention. That portion of its review that reports me as requesting voters to vote for Mr. Newlands and against Mr. Doughty in my remarks is false. W. WENSTER.

At the Track Yesterday.

The attendance was somewhat better yesterday than on the first day, but it could not be considered a big crowd. There were two short running races, one handicap mile race and two special trots. The running races were well contested, but the betting was light. The trots were made up of district horses and were driven to win, but there was a lack of enthusiasm in the crowd, and it is easy to be seen that money is scarce.

TO-DAY'S PROGRAM

Will consist of a special trot, in which Waterford, Lottie G and Combination are entered.

A half-mile dash will be run with Nelson, Silver State, Landress, Banjo, Bobo and Kit Carson as the entries. This is expected to be a lively race, and one that will give the boys a chance on pools. The closing race will be a three-fourth mile dash. Paddy, Drummer, Reno and Lon L are entered.

Attention, Citizens!

The registers in the different precincts will close on the 20th of this month, and those wishing to vote at the coming election must hand their names in to the register agent before that date. oct3d

Mischief Intended

Judge Linn had occasion to go up Sierra street Tuesday night at a late hour and was walking along in the street. When opposite Perry's stable he was hailed by Phil Jacobs who was standing on the sidewalk, and had noticed the Judge pass. Phil called the Judge in order to caution him of the approach of a fellow who seemed to come out of a secluded place and hurriedly follow Judge Linn. The latter turned and the fellow passed on whistling, but after going a short distance was joined by two others. Phil had been watching the movements of the individual for some minutes and was satisfied that he was up to something. Had he not called to the Judge it is likely a robbery would have been attempted.

Take a Holiday.

It has been suggested by a number that Friday be named as Reno day at the track and that the business men arrange to allow their employees a half-holiday and take one themselves. A good program will be arranged and an effort will be made to make Friday a lively day. Think it over and see if it can be arranged.

SILVER PARTY PLATFORM.

Adopted in State Convention at Carson,
 September 5, 1894

The Silver party of Nevada, in Con-

vention assembled in Carson City, on the

4th day of September, 1894, declare

that platforms should assert cardinal

principles of political faith concerning

questions of political interest of pres-

ent moment and we demand

evaluation. We hold that history has

demonstrated that these principles are

right and equitable, and their observ-

ance necessary to secure the welfare

and individual happiness for which

this Government was established.

SILVER.

We deny the right or authority of the

Government of the United States to

pass any law restricting or abridging

the privilege of any citizen to the free

coinage of silver into standard money

at the legal ratio of 16 to 1, independent

of every other action, and we demand
